Dear Friends,

A few days ago I received a gift from you that was forwarded here from my last station. Thank you very much!!!

However, I am going to return this fine gift as I feel there may be some other Bryant alumnus who can use the helmet much better and sooner than I can. At present I have no use for it on "The Bloody Battle of The Potomac". Whether I go to sea or not to fight on the waves depends on how many Waves come to Washington.

Again I say thank you very much
Yours truly
